

New Board Members!

Dr. Marcella Kreysa & Dr. Alex L. Andrade Jr.

Alex L. Andrade Jr., PsyD is excited to be a new member of the SVPA Board, elected as the Website Technology Chair in September 2017. In addition to being a licensed clinical psychologist in California and Illinois, with several years of experience working in integrated primary care clinics, Alex enjoys the problem-solving and intellectual challenge associated with technology. Although primarily a personal hobby, Alex is excited about the opportunity to bring his technological skills to SVPA and contribute to an organization that has allowed him to develop his connection with the community, while also befriending several great local psychologists.

Marcella Kreysa, Psy.D., M.A., is a Latina bicultural, bilingual newly licensed clinical psychologist who is excited to be joining the Sacramento Valley Psychological Association. Throughout her experience, she found a passion working with children and adolescents, in collaboration with their families to build strength and resilience through difficult situations. This experience gives her insight into the constant challenges of underserved populations and the need for advocacy and perseverance. She is looking forward to bringing her excitement for the field of psychology to this wonderful SVPA board in order to create opportunities for early career psychologists!
